MERCUSYS®

Quick Installation Guide

**Wireless USB Adapter**

* MW300UM is used for demonstration in this QIG.

1 | Connect to a Computer

Insert the adapter into a USB port on your computer directly.

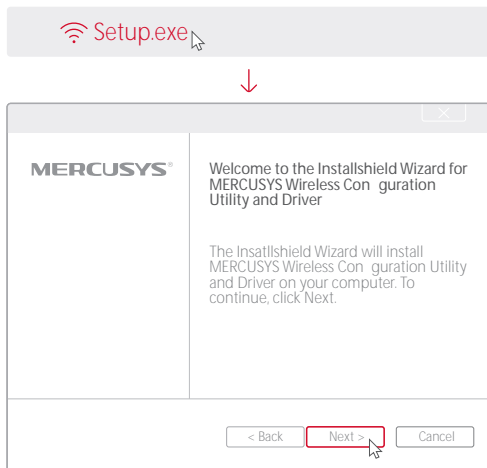

Note:

In Windows XP, a **Found New Hardware Wizard** window will appear when the adapter is detected. Please click **Cancel**.

# 2 | Install Driver and Utility

A: Insert the CD and run the CD manually.

You can also download the driver and utility at http://www.mercusys.com.

B: Double click **Setup.exe**, then follow the InstallShield Wizard to complete the installation.

📶 Setup.exe
