

Uncompromised

Speed • Reliability • Ease • Affordability
Precision • Paper Handling • Quietness • Size • Connectivity • Support

Affordable and reliable business quality machines for your home, home of ce and small business.

At Brother, we understand that at home or at work, every minute counts. Being confident that you have a device that you can trust and rely on is just as important as the speed and ease of use.

With that in mind, we have invested in what matters to you - straightforward, uncomplicated, exceptional monochrome laser printing.

The range of seven monochrome laser devices come packed full of uncompromised performance and efficiency features, all in a quiet and compact unit.

Speed

Brother's new compact monochrome laser range comes with a host of time-saving features, ensuring that you are never waiting long for that important document. You can now be productive with fastest in its class print speeds of up to 34 pages per minute*.

* Rated Print Speed for HL-L2375DW / HL-L2395DW / MFC-L2713DW / MFC-L2730DW / MFC-L2750DW

Reliability

As with all things Brother, you can be assured with award-winning reliability – recognised as PC Mags Readers' Choice award winner for nine years in a row and their Business Choice award winner for five years in a row, Brother will ensure you're delivering uncompromised performance, every time.

Ease

Designed to be set-up and ready to use in minutes, Brother's new compact monochrome laser range is both easy to setup and easy to use so you can spend more time on what matters most.

Affordability

With optional high-yield toners available and the entire range certified to Energy Star standard, Brother's new compact monochrome laser range are cost effective to operate and efficient to run.

Precision

Utilising innovative laser technology to deliver the crispest and sharpest resolution, Brother's new compact monochrome laser range ensures your business documents are produced to the highest quality.

Paper Handling

Engineered with a 250 sheet paper tray, 50 sheet Automatic Document Feeder (ADF)** and automatic 2-sided (duplex) print as standard, Brother's new compact monochrome range is in a class of its OWN. ** MFC models only

Quietness

Print quietly without compromising on speed or quality, operating at the lowest decibel in class (under 50dB). All the models throughout the range are designed to sit on your desk, printing quietly at full speed while you work without interruption.

Support

Brother is always at your side with our free Australian-based product support for the lifetime of the product so you can be in business for the long-haul.

Size

Built to perform for longer, Brother's new compact monochrome laser range has been designed with you in mind. Made from robust and hardwearing materials and designed in a small footprint, you're left with more desk space to do what you do best.

Brother Genuine Supplies

For toners, don't compromise.

Genuine Brother supplies are made with you in mind. Not only to guarantee you effortless performance and save you money in the long run, but also to protect your printer from potential long-term damage caused by using cheap, non-genuine products.

Working with you for a
better environment

Brother Australia has made a commitment to sustainability, as defined in the Brother Group Global Charter.

Through its Corporate Social Responsibility programs, Brother helps society achieve sustainable development by positively and continuously considering the environmental impact of all aspects of business operations.

Concern for the environment is the cornerstone of all operations and environmental impact is a prime consideration at every stage of our product's life cycle; from design, development, manufacturing, customer usage, and disposal, to reuse and recycling.
