

Expansion Slot Rear Exhaust Cooling Fan with LP4 Connector

Product ID: FANCASE

This high quality PCI Fan is an add-in cooling fan designed to fit in the PCI, ISA or AGP expansion slots of any computer. The PCI fan helps improve expansion card (video card, etc.) performance, by preventing overheating, making it a great video card cooler for older, hot-running 3D graphics cards like the Voodoo, TNT2, GeForce256 and more.

Powered through a simple LP4 connection to the computer power supply, the quiet-running PCI Fan utilizes a brushless DC motor that helps maintain expansion card temperatures while creating minimal noise levels.

Compact enough to fit into almost any expansion slot such that airflow can be directed as needed most, StarTech.com's PCI Fan is backed by 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Increase airflow within a computer case by adding an exhaust fan
- Add an additional fan to a computer case that doesn't have provisions for a case fan
- Remove the hot air from a high performance graphics card more efficiently

Features

- Fits in standard full-height/full-profile computer cases
- Can be used to pull in air from the top to vent out the rear, or pull in air from the bottom to vent out the rear
- Ball bearing fan; Inline LP4 power connectors; 12V @ 0.15A, 1.8W; 6.9 CGM @ 2,200 RPM; 32 dBA; MTBF: 37,739 hours; Black plastic housing; Reversible bracket
- NOTE: Does not support PWM for fan speed control and will operate at full speed

Hardware

| | |
|------------------|--------------|
| Warranty | 2 Years |
| Fan Bearing Type | Ball Bearing |

Performance

| | |
|---------------|----------|
| Air Flow Rate | 6.9 CFM |
| Noise Level | 32 dBA |
| Fan RPM | 2200 RPM |

Connector(s)

| | |
|-------------------|------------------------------------|
| Connector Type(s) | 1 - LP4 (4 pin; Large Drive Power) |
| | 1 - LP4 (4 pin; Large Drive Power) |

Special Notes / Requirements

| | |
|-------------------------------|------------------------------------|
| System and Cable Requirements | Available rear expansion card slot |
|-------------------------------|------------------------------------|

Power

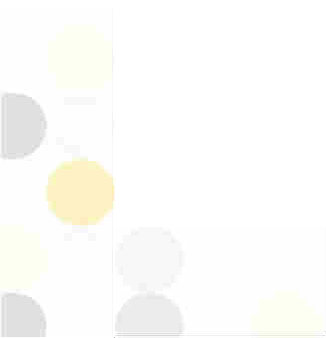

| | |
|------------------------------|--------|
| Input Voltage | 12V DC |
| Power Consumption (In Watts) | 1.8W |

Environmental

| | |
|-----------------------|---------------------------|
| Operating Temperature | -10C to 80C (14F to 176F) |
|-----------------------|---------------------------|

Physical Characteristics

| | |
|----------------|------------------|
| Color | Black |
| Material | Plastic |
| Product Length | 4.3 in [11.0 cm] |

| | |
|-------------------|------------------|
| Product Width | 3.5 in [90.0 mm] |
| Product Height | 0.8 in [2.0 cm] |
| Weight of Product | 3.6 oz [103.0 g] |

Packaging Information

| | |
|---------------------------|------------------|
| Package Quantity | 1 |
| Package Length | 6.1 in [15.5 cm] |
| Package Width | 5.1 in [13.0 cm] |
| Package Height | 1.2 in [30.0 mm] |
| Shipping (Package) Weight | 4.6 oz [130.0 g] |

What's in the Box

| | |
|---------------------|--------------------------------|
| Included in Package | 1 - Expansion Slot Exhaust Fan |
|---------------------|--------------------------------|
