i-tec USB Display Adapter Advance VGA

i-tec USB 2.0 Display Video Adapter
Advance VGA FullHD 1920x1080 px
External graphic card

PRODUCT DESCRIPTION

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

This USB Display Adapter FULL HD enables you to connect one more monitor, LCD or projector to a computer with a USB 2.0 port. For desktop users adding an extra monitor via USB connection is easier than ever without having to open the computer chassis to install an internal video card. Adapter supports FullHD resolution 1920x1080 pixels. Support Windows, Mac OS X.

Examples of usage

- View your large spreadsheets across two screens with display continuity
- Multitask more effectively without overlapping windows
- Edit on one screen while surfing the Internet information on the other
- Do multiple screen presentations without bringing another computer
- Easily provide multiple screen exhibitions in a trade show
- Use second display for palettes/tools
- Get a panoramic view of large documents
- Compare two documents simultaneously across two screens
- View charts and live data at the same time
- View videos/TV on one screen and reviews on the other

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.
