

TUNE500^{BT}

Wireless on-ear headphones

All bass, all day long.

The JBL TUNE500BT headphones let you stream powerful sound with no strings attached for up to 16 hours of pure pleasure. Easy to use and equipped with 32mm JBL drivers and JBL Pure Bass sound, these headphones provide easy access to great sound every time. And if a call comes in while you are watching a video on another device, the JBL TUNE500BT seamlessly switches to your mobile. Bluetooth enabled and designed to be comfortable, the JBL TUNE500BT headphones also allow you to connect to Siri or Google Now without using your mobile device. Available in 4 fresh colors and foldable for easy portability, the JBL TUNE500BT headphones are a grab 'n go solution that help you to inject music into every aspect of your busy life.

TUNE500^{BT}

Wireless on-ear headphones

Features and Benefits

Wireless Bluetooth Streaming

Wirelessly stream high-quality sound from your smartphone without messy cords.

JBL Pure Bass Sound

It features the renowned JBL Pure Bass sound, which can be found in the most famous venues all around the world.

Hands free calls

Easily control your sound and manage your calls from your headphones with the convenient 1-button remote with mic.

16H battery life | 2H recharging time and speed charge (5mins = 1H)

For long-lasting fun, listen wirelessly for 16 hours and recharge the battery in as little as 2 hours. A quick 5-minute recharge gives you an additional hour of music.

Lightweight, comfortable and foldable design

The lightweight materials and soft ear cushions with a padded headband make the headphones comfortable to wear for extended periods. The foldable design makes it convenient for you to carry your headphones anywhere and anytime you want music.

Multi-point connections

Allows you to effortlessly switch from one Bluetooth® device to another. You can simply switch from a video on your tablet to a call on your mobile phone, so that you'll never miss a call.

Ask Siri or Google Now

Siri or Google Now is just a button away: activate the voice assistant by pushing the multi-function button.
