

MY PASSPORT™ ULTRA FOR MAC

PORTABLE STORAGE

Built for today.
Ready for tomorrow.

- USB-C™ ready, USB 3.0 compatible
- Innovative style with refined metal cover
- WD Discovery™ for social media and cloud storage import
- Password protection with 256-bit AES hardware encryption
- Formatted for Mac

Equipped with USB-C™ technology, the My Passport™ Ultra for Mac portable drive offers an easy way to expand your storage. Its modern metal design complements your Mac, and out of the box, it's formatted for macOS and Time Machine compatibility.

MY PASSPORT™ ULTRA FOR MAC

PORTABLE STORAGE

Product Features

USB-C ready, USB 3.0 compatible

Featuring the latest in USB-C™ technology, the My Passport™ Ultra for Mac portable drive delivers quick and easy storage for your Mac, while the included USB 3.0 adapter makes sure it's compatible with older machines.

Password protection with 256-bit AES hardware encryption

Help keep your private files private with a password of your choosing with WD Security™ tools to enable the 256-bit AES Hardware Encryption chip on the My Passport Ultra for Mac drive.

Innovative style and function

Fusing modern anodized metal and textures, the My Passport™ Ultra for Mac portable drive matches your personal style and the latest Mac computers.

Do More with WD Discovery

Included WD Discovery™ software* connects to popular social media and cloud storage services to help preserve your online life. If you work across both Mac and PC, we provide a downloadable HFS+ driver for compatible Windows® OS to enable you to read and write to your My Passport Ultra drive without the need for reformatting. WD Discovery software can also be used to manage your drive with WD Drive Utilities.

Mac-ready

Formatted for Time Machine and ready to deliver plug-and-play storage out of the box, you can back up your photos, videos or business documents with one click.
