

USB 3.0 DOCKING STATION

Stay Connected

The USB 3.0 docking station has been designed with connectivity in mind. With increased demand for performance from peripherals, the docking station enables you to extend your computer's connection to support more devices. With DVI and HDMI ports, the dock can also manage video output to mirror your primary screen or increase the size of your current window for more app space.

Key Features

- **Excellent Connectivity**
 - Connect all of your peripherals with six USB-A ports, and enjoy fast file transfers to your PC with SuperSpeed 5Gbps USB-B.
- **Increased Productivity in High Definition**
