

FLIP  
 SCREEN FROM  
 LANDSCAPE  
 TO PORTRAIT

# BT7550

## ROTATIONAL FLIP MOUNT

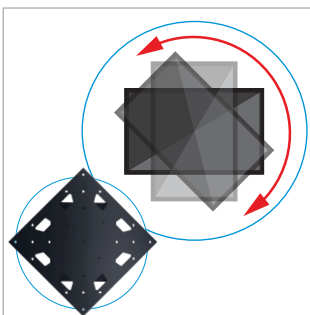

The BT7550 Rotational Flip Mount allows a mounted screen to be easily rotated from landscape to portrait orientation. The tool-less rotation adjustment allows the users to freely rotate the screen from 0° to 90° while mounted or locked at a preferred angle using the built in angle guide before mounting. Additional features include optional negative tilt of 4.5°, ideal for touchscreen displays such as the Samsung Flip®. The BT7550 can be mounted directly to the wall or attached to other B-Tech products such as wall mounts, accessory collars (for pole mounting) and System X rails.

### SPECIFICATION

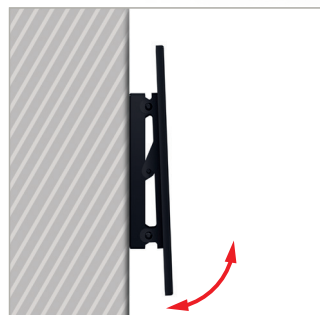

For screen sizes	37" - 65"
Max load	70kg
VESA® & non-VESA xings	200 x 200 up to 400 x 400mm
