Installation

Loosen the screws along the sides of the rails and adjust the overall length of the rails to fit the depth of the rack/cabinet. Tighten the screws again once set properly.

Mount the shelf to the front and rear pots of the rack/cabinet using the appropriate mounting hardware (i.e. screws, nuts) for the particular rack/cabinet.

The shelf can now be slid out along the rails until they lock into place. Press the small switches on the side rails to release the lock and slide the shelf back into the rack/cabinet.
