mPOS solutions

Innovative products helping your business to grow

EPSON®
EXCEED YOUR VISION

Addressing the challenges

From pop-up shops and boutique outlets, to restaurants and bars, mPOS solutions have become an essential tool for retailers, to provide customers with a hassle-free, memorable shopping experience.

We have solutions that easily connect with tablet and mobile devices and allow you to print receipts from anywhere in store, as well as offering broad OS support.

We understand the ever-changing demands of today's retail and hospitality environments, and how more efficient mPOS is essential to customer satisfaction and your business growth.

Whatever your business challenges, Epson has smart, functional and stylish mPOS solutions to improve customer service, as well as make your lives a little easier.

No. 1 EUROPE'S LEADING POS PRINTER MANUFACTURER*

*According to IDC Epson POS Market Appraisal Western Europe CY2015, Epson increased its leading share of the POS market by value from 38% to 39%

Modern solutions for our customers

Le Trois Bis, bistro and fast food service, France

"Thanks to the solution from L'addition and Epson, we have been able to connect three separate places in the restaurant in real time, to the kitchen and to the till."

Le Trois Bis

Die Buntique, handmade toy shop, Austria

"The printer works seamlessly and is very simple to use, the till role is easy to change too."

**Emöke Huemer –
Owner, Die Buntique**

Chilli Banana, Thai restaurant, UK

"The customer sends the order, we accept the order and it's sent to our Epson printer and it prints out. We needed a printer that's reliable and so we got two TM-m30s - one in the kitchen and one in the front of house."

**Steve Blaney –
Co-Owner, Chilli Banana Thai Street Food**

Sumo, Sushi restaurant, Spain

"Sumo's experience with the TM-m30 printers has been excellent. We have been able to close the loop between sending messages to the kitchen and bar, along with bill payments."

**Camilo Posada –
Marketing Director, Camarero 10**

Designed to keep you connected and mobile

High street specialist shops and boutique outlets, small restaurants, bars, coffee shops and delis. For those who value mobile connectivity (inc. tablet 'sync and charge' options) for a hassle free shopping experience.

An mPOS printer that can act as a hub for other peripherals would also be a benefit. An attractive, compact design to fit seamlessly into the working environment. Tried and tested build quality and reliability.

Looks great on your POS

Temporary retail outlets and eateries - for those who demand a non-stop, reliable service. Excellent connectivity meets mPOS customers' system requirements, including tablet 'Sync and Charge'.

Users also benefit from stylish, practical design with small footprint, Highly reliable with Epson's tried and trusted build quality.
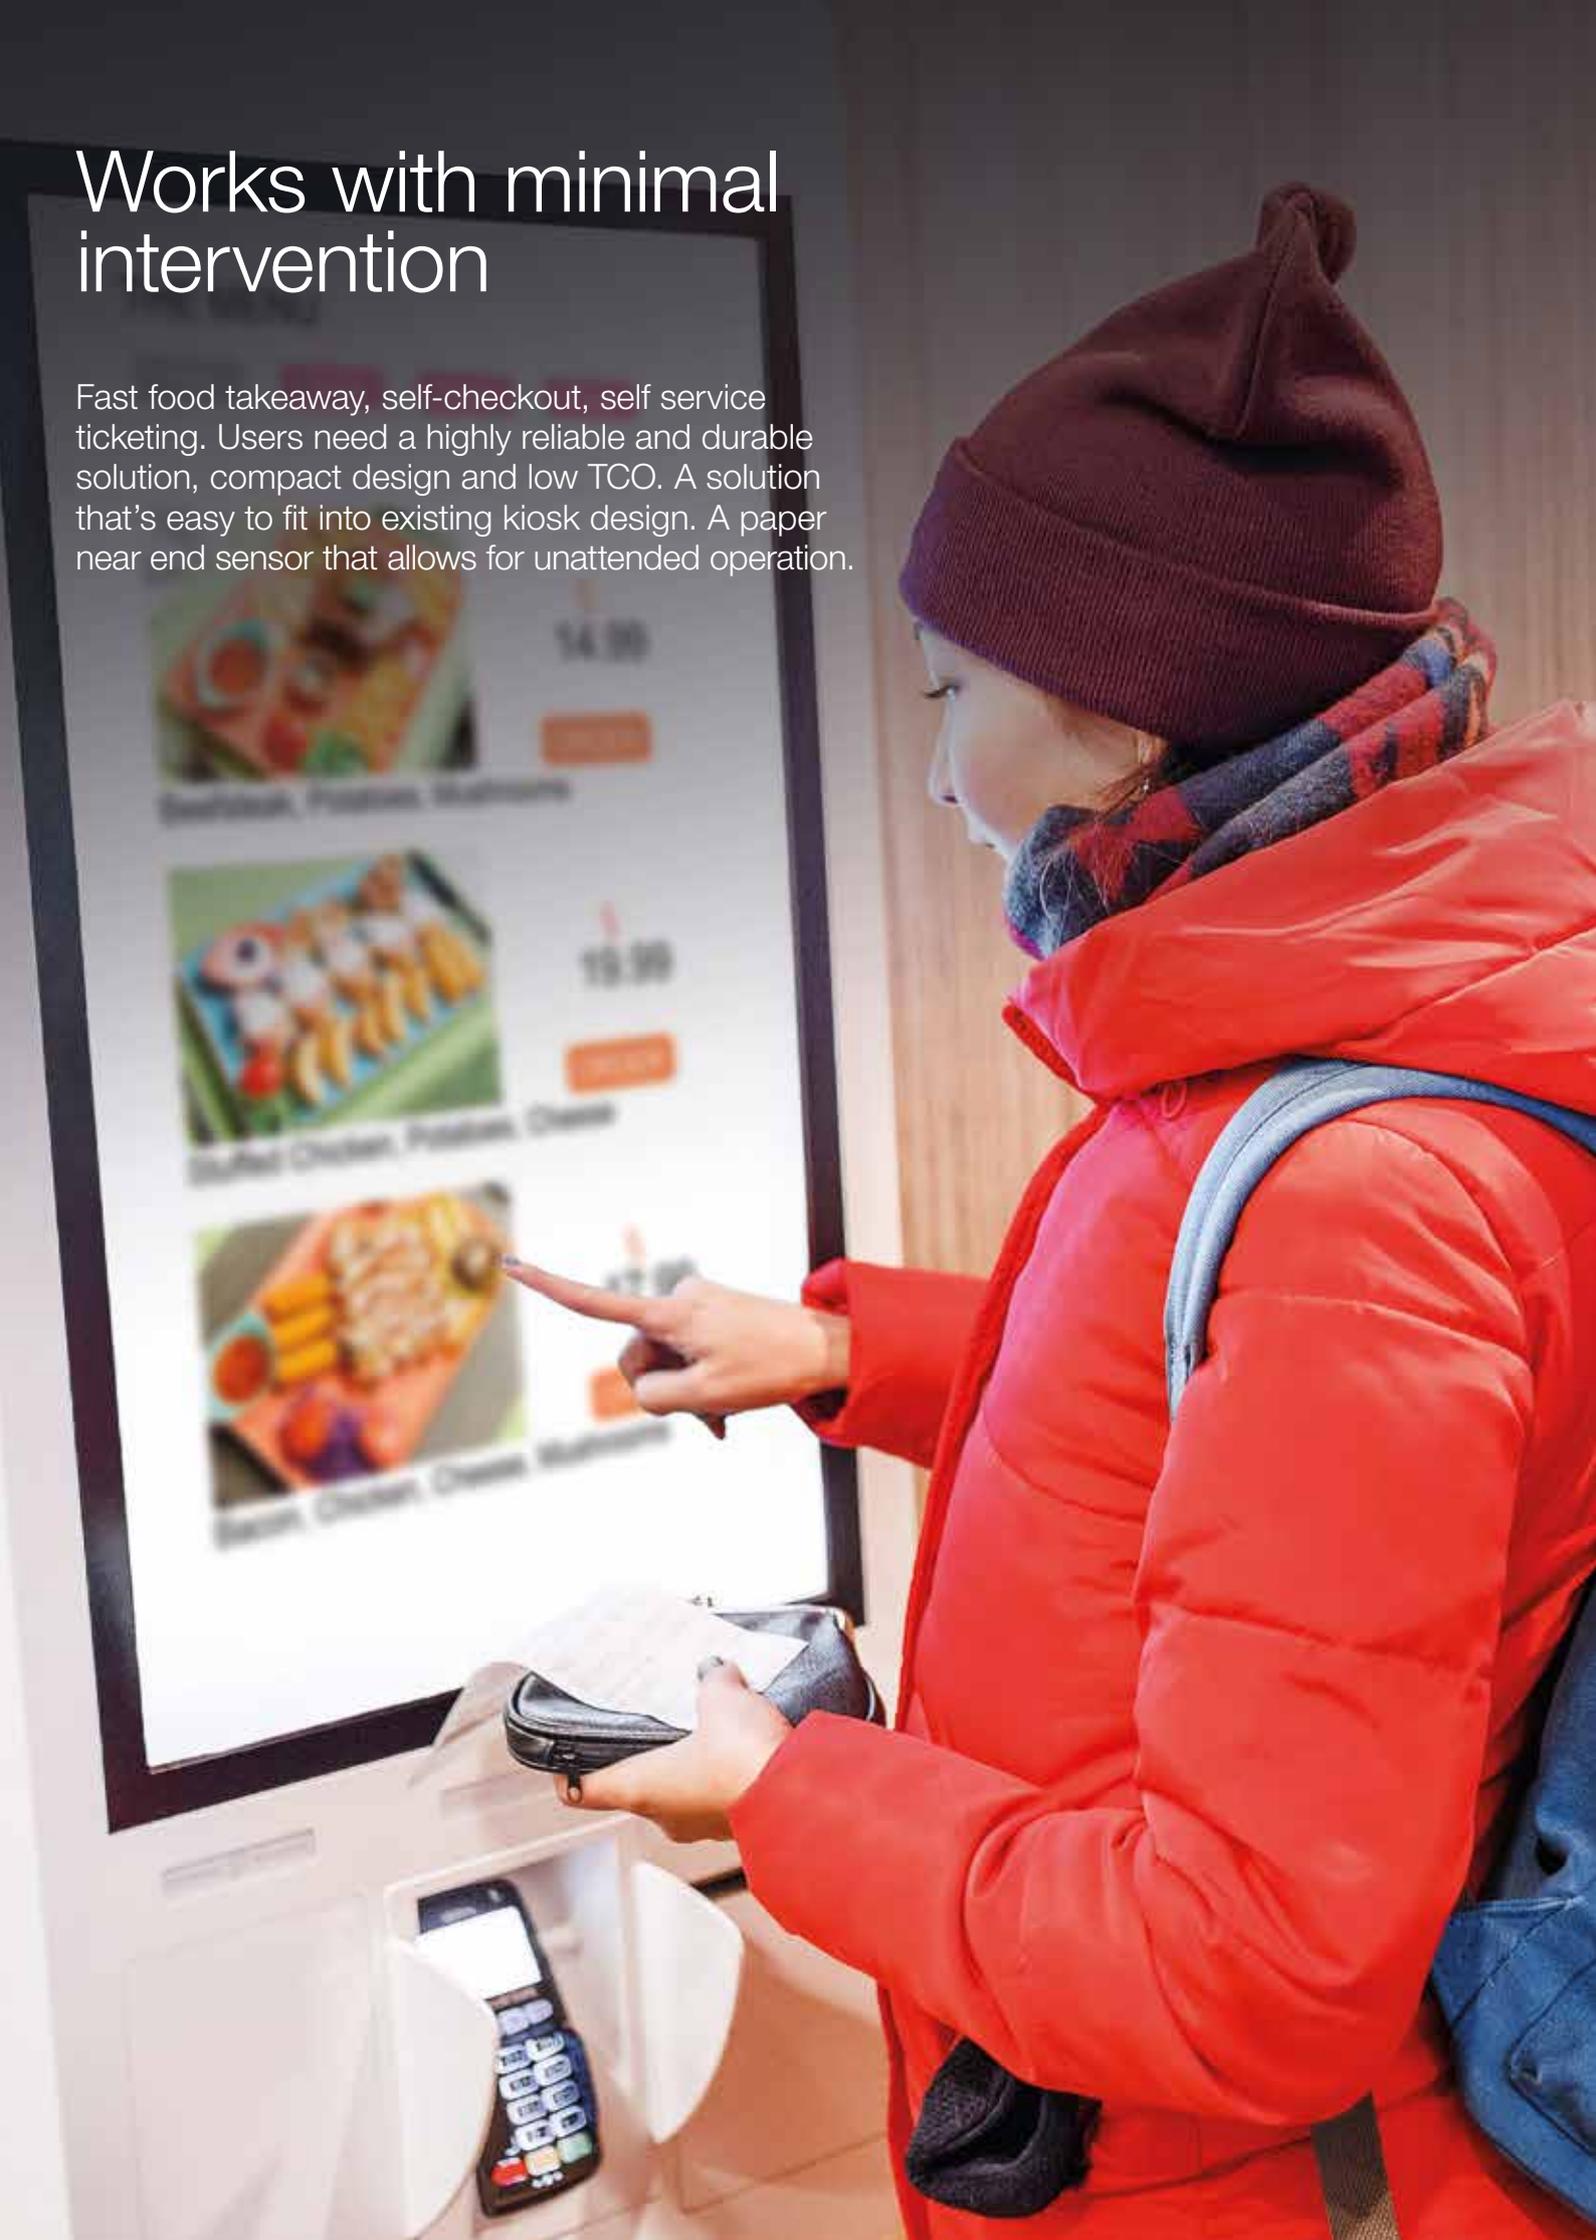

Endures tough working environments

For those who would benefit from an affordable, easy to use, familiar tablet-based system. Small footprint, rugged and reliable. For those looking to solve the issue of queue busting and need to create a more efficient workflow.

Works with minimal intervention

Fast food takeaway, self-checkout, self service ticketing. Users need a highly reliable and durable solution, compact design and low TCO. A solution that's easy to fit into existing kiosk design. A paper near end sensor that allows for unattended operation.

Innovative products to suit all needs

Receipt printers

TM-m30II series

Combining enhanced functionality and
connectivity, these products set new standards
in POS printing.

Modern, clean design
Attractive space-saving design fits into stylish
businesses

Range of connectivity options
Sync and charge supports power and data
connection to a tablet. Connect to peripherals
(including scanners, keypads and scales)
