

BOOMPODS®
BEACHBOOM
 The sustainably made party speaker

But how is this possible? I mean, this was plastic waste!
 Yes. But when it comes to the most common used materials we're collecting, for instance PET bottles, this waste already had food grade during its first lifecycle. After collecting it, our local teams are washing and sorting the plastic which is then shredded into flakes. After this step, the innovative technology we have developed with the Swiss University of Applied Sciences OST, takes over: We transform these flakes into pellets in a pure mechanical process, neither chemicals nor virgin plastics are being added. We use the latest technology and apply physical methods (vacuum, decompression, degassing, melting) to transform waste and extend the molecular chains of these wasted polymers. The result is a strong, clean and reliable material.

MADE FROM OCEAN MATERIAL
 #tide OCEAN MATERIAL

The recycled ocean plastic used to make this product may have traces of the wide mix of types of plastics collected, this can allow some minor black spots and imperfections to appear upon the surface. These are normal and do not affect the performance of the product. The material is unique in character and happy not to be in the Sea.

How to Connect

Switch ON: LED will flash under charge cover, Choose "BEACHBOOM" from your device menu, Wait until you hear voice prompt "Connected", You are now connected.

Making a stereo pair.

speaker 1.

Pair to 1 Speaker as previous page. Switch ON speaker 2. Now press HOLD speaker 1. for 1s or until you hear a "du du". Now WAIT until you hear a "bleep" sound. You are now dual paired. Play and enjoy stereo sound.

speaker 2.

Controls

Charge

LED red = charging
 LED OFF = charged

Hang

To use the strap, gently pull the orange tag away from the body. The strap is flexible and can be conveniently hooked on a bag or in the bathroom. When you want to put it back, gently pull and replace it back into the cable channel. Please avoid excessive pulling, as the strap is designed to hold its own weight and nothing more.

Product Information

| | |
|---------------------|---|
| Product Name | BEACHBOOM |
| Type | Waterproof Bluetooth speaker |
| Compatibility | Devices with Bluetooth 5 or lower |
| Warranty | 12 months |
| IPX Rating | IPX 7 |
| Features | Waterproof, Mic, Volume up, Volume down, Skip Tracks & selfie |
| Play Time | 5H |
| Cables | USB-C to USB-A |
| Battery | 1200mah 3.7V @ 4.44Wh |
| Charge time | 2h |
| frequency range | 2.4-2.480 GHZ |
| Sensitivity | -42dB(3V,2.2K);0dB=1V/Pa,1KHz), omni-directional, S.N.R:60dB |
| Mic frequency range | 20hz-20khz |
| Working Current | ≤ 50mA +/-5(minimum volume) |
| Working Voltage | DC 3.3-4.25 V |
| Speaker | 5W + Passive bass port. |
| Bluetooth | V5.3 |

FCC statment

FCC id: 2A36Q-BEACHBOOM

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connect.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement, the device can be used in portable exposure condition without restriction.

The Declaration of Conformity can be found at:
<https://www.boompods.com/product/boombloom> Hereby, Boompods declares that the radio equipment type [Speaker with Bluetooth] is in compliance with Directive 2014/53/EU. FCC id: 2A36Q-BEACHBOOM
