

- High-Speed 1.4b 30AWG Black/Red Braided Cable
- Supports 4Kx2K @ 60Hz
- Fully Moulded with Gold Plated Connector
- Braided Design - This cable features a premium braided design that enhances its durability and flexibility
- Dedicated HDMI Ethernet Channel For Device Networking
- Currently Available In Six Different Lengths

Product Features

- This cable is high-speed, guaranteeing great performance and reliability.
- Supports speeds of 4Kx2K @ 60Hz, allowing users both high definition video and multi-channel audio connection between HD displays and HDMI switch devices
- Braided Design: The cable features a premium braided design that enhances its durability and flexibility, making it ideal for everyday use and reducing the risk of damage.

Product Description

These High-Speed Braided 1.4b HDMI cables offer support resolutions of up to 4Kx2K @ 60Hz.

HDMI leads provide both high-definition video and multi-channel audio connection between digital high-definition displays, digital AV sources and HDMI switch devices.

This cable type offers the same basic performance as standard HDMI cable, but it also benefits from having a dedicated data channel known as the HDMI Ethernet Channel for device networking. The HDMI Ethernet Channel functionality is only available if both linked devices are HDMI Ethernet Channel (HEC) devices.
